CORE VALUES

- Quality Excellence
- Customer-Centric
- Sustainability
- Innovation
- Reliability

GOALS

- Enhanced Customer Experience
- Environmental Responsibility
- Operational Efficiency
- Market Leadership

We are committed to delivering excellence in every aspect of our to-go packaging.

Whether it's a quick lunchtime pickup or a scheduled delivery for a special occasion, our customers can rely on us for packaging that preserves the integrity of our cuisine and exceeds their expectations for quality and convenience.

By focusing on innovation, sustainability, and customer satisfaction.

We aim to revolutionize the takeaway dining experience, setting new standards for what it means to enjoy restaurant-quality meals on the go.

PET CUPS & LIDS

PET cups and lids are perfect for showcasing your unique creations. Karat PET plastic (polyethylene terephthalate), a thermoplastic resin in the polyester family, offers a higher degree of sterilization, durability, and clarity compared to alternative materials. Choose from our line of Karat PET cups and lids that we manufacture in the USA.

Key Features

- Durable, high clarity, and crack-resistant
- Recyclable and BPA free
- Full range of lid options including our patented Strawless Sipper lids
- Cup sizes 12 oz. - 24 oz. share one size lid (flat or dome)
- Low minimum, fast turn around custom print available
- Select sizes made in the USA

PLASTIC HINGED CONTAINERS

PET and PP hinged containers are stackable and convenient for food transportation. PET containers are made of crystal-clear plastic that allows for easy visibility. There are also tamper-evident PET hinged containers available to help indicate to customers if the packaging has been tampered or not. The PET containers are crack resistant with a typical temperature range of -10 °F ~120 °F (-23 °C~49 °C) for PP hinged containers and PP container temperature range of -14 °F ~220 °F (-26 °C~104.4 °C). Both are sturdy and feature pull lock tabs and 4 vent holes that allow steam to escape for hot, fresh food or microwaving.

Key Features

- Durable, crack resistant construction
- Multiple sizes and styles
- Recyclable
- Stackable

GENERAL SUPPLIES

Keep your workspace organized and stocked with essential supplies. Our selection includes refillable spray bottles for cleaning solutions, BPA-free thermal paper rolls for receipts, and poly mailers for secure and convenient shipping. We also offer guidance stanchion sign holders to clearly display important messages, and clear high-density and black low-density trash can liners in various sizes to suit your waste disposal needs.

PP INJECTION MOLDED SERIES

Bagasse products are a sustainable and environmentally-friendly alternative to traditional products that contain PFAS. Made from leftover fibers from the sugar extraction process, bagasse is a durable material that can be used for all types of food packaging. Not only is it safe for your health, but it also helps to preserve the health of the planet.

Key Features

- Eco-Friendly
- Compostable in commercial facilities
- Durable

COMPOSTABLE BAGASSE CONTAINERS

Bagasse containers and dinnerware are great for holding all of your delicious foods, including hot and cold items. The containers are made with bagasse, which consists of fibers left over from the sugar extraction process of sugarcane. These fibers are strong, durable, and a great source of sustainable material for food packaging. BPI® Certified hinged containers, plates, and bowls are all available!

Key Features

- Made from renewable resources
- Durable, sturdy, and microwavable
- Select items are BPI® certified
- Compostable in commercial facilities
- Various sizes and designs available
